How to connect a laptop to a Vizio TV wirelessly

1. Change your TV's input/source to HDMI-3 – The TV will display your adapter's name
2. On your laptop, press the Windows Key and the "K" key simultaneously
3. Click on your TV in the top right corner of the laptop screen
4. To disconnect, just click on "Disconnect" at the top of your laptop screen

MSDisplayAdapter_37

Ready to connect

or

Action Center   Swipe down   >   Connect

For firmware update and additional settings, download Wireless Display
Adapter app from Windows Store   V2.0.8350   Microsoft

2

⊞ + K

3
